Met Office Aberdeen Meteorologist's View
A dry and bright day but becoming windy across the summits of Lochaber towards evening.

Forecast for Sunday 03 Sep 2023
Weather: Rather cloudy but dry for most of the time across Lochaber and north Argyll with the odd spot of rain. Dry with some bright spells across ranges further south. Windy and gusty conditions, with strong gusts on lee slopes at times.

Maximum wind: Southwest 30-40mph, gusts 50mph, possibly 60mph at times over the Nevis ranges.

Chance of cloud-free hill tops above 800m: 30% in north, 70% in south.

Low Cloud and visibility: Mainly good visibility but rather hazy. Occasional cloud cover above 600 or 700m over Lochaber and north Argyll, but higher and more broken cloud over ranges further south.

Temperature: **Glens:** 14C rising to 17C in north, 19 or 20C in south.
At 800m: 9C rising to 12 or 13C.
Freezing level: Above summits.
